

Welcome to the  
Primary Care Alliance for Clinical Trials  
Workshop

General Practice &  
Primary Health Care  
Research Conference  
2004

Primary Care Alliance for Clinical Trials

Trial Protocol Development  
2.15 - 3.15

Hypothetical....

You are a team developing a practice-based intervention aimed at improving the management of obese adults. This is a whole of practice intervention that will include;

- Guidelines
- Training for GP/nurse
- Increase the role for nurse
- Increase IT
- Patient education

**Your task...**  
Identify key headings for your trial protocol (don't design the intervention!)

Primary Care Alliance for Clinical Trials

Recruitment in Primary Care Trials  
3.15 - 3.30

Primary Care Alliance for Clinical Trials

Data Monitoring Committees &  
Stopping Guidelines  
3.30 - 3.45

Primary Care Alliance for Clinical Trials

Break  
3.45 - 4.00

## Primary Care Alliance for Clinical Trials

### Presentation of Trial Protocols

4.00 – 4.55

## Trial Protocol – an example
